a california field biologist draws on historical ecology and extensive first hand research to uncover regional history in the golden state s forgotten landscapes providing a visual

testament to natural world changes and related opportunities for conservation

in 1960 feeling that his work was unappreciated in america rockwell kent gave the collection of his life s work to the people of the soviet union for nearly forty years the more than 700 paintings drawings prints and manuscripts have been virtually unseen by western eyes until now

this long term study of landscape change on the yorkshire wolds uses archaeological and historical sources to look at land division territorial organisation and settlement patterns from the late prehistoric period to the middle ages

taking the significant faro convention on the value of cultural heritage for society council of europe 2005 as its starting point this book presents pragmatic views on the rise of the local and the everyday within cultural heritage discourse bringing together a range of case studies within a broad geographic context it examines ways in which authorised or expert views of heritage can be challenged and recognises how everyone has expertise in familiarity with their local environment the book concludes that local agenda and everyday places matter and examines how a realignment of heritage practice to accommodate such things could usefully contribute to more inclusive and socially relevant cultural agenda

the first comprehensive book to be published about the wildlife of the brecon beacons is a much anticipated addition to the new naturalist series and reveals the natural wonders of this seemingly wild and inhospitable mountain landscape

an original lively and often amusing tour of the forgotten episodes and overlooked people and places of english history

celebrating colin burgess 65th birthday and more than 45 years studying the bronze age thirty six contributors friends colleagues former students and members of the bronze age studies group have come together to provide their latest thoughts on the bronze age in europe topics range from the rock art of northumberland to the nuraghe of sardinia from mining in wales to cross channel trade links and from the cave of covsea to that at heathery burn artefact studies include re assessments of scottish ceramics swords from the european lowlands and from scotland hair rings in france gold from iberia a woodworkers toolkit from ireland and the first analysis of the most recent bronze and gold hoard discovered in northern england wider topics are also considered including the dating of the bronze age in britain in light of the latest

european discoveries
